We are continually looking to improve and to make changes that will positively impact our communities, and we believe that this change will make our service more efficient and more in line with community needs, collaborative working with all Outreach activity and Schools services to ensure we deliver prompt, efficient, and modern services across our County. With increasing demand for our services, it is essential we made these changes in order to be able to provide mobile library services across a wider reach for the populations of Carmarthenshire.
