Cross Hands Playground Designs

We have met with two suppliers and are meeting with a third next week who are all working on designs for Cross Hands Playground. Once the designs are received consultation will take place with the community.

Cemetery Accident

I have dealt with two distraught families recently regarding the accident that took place in the cemetery. I am currently working with the insurance company to arrange for the replacement of the headstones that were damaged.

Storage Containers

Due to the imminent arrival of the new John Deere, we need a storage container to house it and also another one for all the bicycles at Parc Y Mynydd Mawr. I am sourcing quotes to be discussed in the next full council meeting.

Lane at Pen Parc

Social media posts regarding the lane at Pen Parc have criticised the council for not maintaining the lane. I am awaiting advice from the Council's solicitor.

Lane from Bethesda Rd to Rhosnewydd

I received a request from a resident to put up a barrier at the end of the lane as children are running and cycling straight into the road. An RTA involving a child happened there recently.

Safer Routes in Communities Bid

I am delighted to say I have received confirmation that the EOI I submitted has been progressed to full bid status. A meeting of the stakeholders will be held over the next few weeks to progress the scheme further.
